NEW PATIENT INTAKE FORMS: **ADULT**

Welcome to this professional psychology practice.

All new patients must fill out these forms in their entirety and submit them to Dr. Dahl.
Please note: all forms are double-sided to conserve paper use. Please fill out both sides of each page. You may use adobe filler to complete the forms digitally.

Please have your insurance ID card out and ready to be copied at the beginning of your first appointment.

It is imperative that all pages of Part 1 (pages 3-9) are completed, signed and dated before your first appointment begins.

We understand that these forms are very in-depth and thank you for taking the time needed to complete them as honestly and thoroughly as possible. Your cooperation in providing all of this information will greatly enhance your therapeutic process with Dr. Dahl. It is best if you can have the forms all completed before you enter your first session with Dr. Dahl. However, if you need additional time to fill in the remaining pages of personal and medical history in Part 2 (pages 11-15), you may either complete them on-site after your appointment concludes or finish them at home and bring them to your second appointment. **All forms must be complete and submitted by your second appointment with Dr. Dahl.**

We thank you for your help in ensuring that we have all your records up-to-date.

Notes:

For EAP patients, please provide the pre-authorization form from your insurance carrier with your EAP Claim Number and number of authorized visits (you can request this directly from your insurance carrier)

For Victim-Witness patients, please have your Victim Witness Application Number and confirmation letter from CalVCP available on your first appointment.

PATIENT RIGHTS AND HIPAA AUTHORIZATION

The following specifies your rights about this authorization under the Health Insurance Portability and Accountability Act of 1996, as amended from time to time ("HIPAA").

1. Tell your psychologist if you do not understand this authorization, and the psychologist will explain it to you.
2. You have the right to revoke or cancel this authorization at any time, except: (a) to the extent information has already been shared based on this authorization: or (b) this authorization was obtained as a condition of obtaining insurance coverage. To revoke or cancel this authorization, you must submit your request in writing to the provider at the following address:

   David F. Dahl, Ph.D., 2542 South Bascom Avenue, Suite 265, Campbell, CA 95008.

3. You may refuse to sign this authorization. Your refusal to sign will not affect your ability to obtain treatment or payment or your eligibility for benefits. If you refuse to sign this authorization, and you are requesting a psychological evaluation for the purposes of:
   i. A court order
   ii. An attorney's recommendation
   iii. A pre-employment screening evaluation
   iv. A legal matter in which your mental status is at question, you must be aware that your refusal cancels the purpose for which the evaluation was ordered or recommended and you will still be held responsible for the fees ordinarily charged for this evaluation by the psychologist up to the point of the refusal.

   If you refused to sign this authorization, and you are in a research-related treatment program or have authorized your provider to disclose information about you to a third party, your provider has the right not to treat you or accept you as a patient in this practice.
4. Once the information about you leaves this office according to the terms of this authorization, this office has no control over how it will be used by the recipient. You need to be aware that at that point your information may no longer be protected by HIPAA.
5. If this office initiates this authorization, you must receive a copy of the signed authorization.
6. **Special instructions for completing this authorization for the use and disclosure of Psychotherapy Notes**. HIPAA provides special protections to certain medical records known as "Psychotherapy Notes". All Psychotherapy Notes recorded on any medium (i.e., paper, electronic) by a mental health professional (such as a psychologist or psychiatrist) must be kept by the author and filed separate from the rest of the client's medical records to maintain a higher standard of protection. "Psychotherapy Notes" are defined under HIPAA as notes recorded by a health care provider who is a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint or family counseling session and that are separate from the rest of the individual's medical records. Excluded from the "Psychotherapy Notes" definition are the following: (a) medication prescription and monitoring, (b) counseling session start and stop times, (c) the modalities and frequencies of treatment furnished, (d) the results of clinical tests, and (e) any summary of: diagnosis, functional status, the treatment plan, symptoms, prognosis, and progress to date.
   In order for a medical provider to release "Psychotherapy Notes" to a third party, the client who is the subject of the Psychotherapy Notes must sign this authorization to specifically allow for the release of Psychotherapy Notes. Such authorization must be separate from an authorization to release other medical records.
7. According to HIPAA, you have the right to review the record within 10 days of your request. You will be charged the full hourly fee for reviewing the record in the office with the psychologist.
8. According to HIPAA, you have the right to a summary of the record within 15 days of your request. You will be charged the equivalent of the hourly fee required by the psychologist to review and summarize the record. This summary will be one page, brief and general. If there are more than one person in the record, each party will receive the same summary.

INFORMATION AND CONSENT FOR TREATMENT

Welcome! I am a licensed clinical psychologist. I hold a doctoral degree (Ph.D.) in clinical psychology with specialized training and experience in: neuropsychological, forensic, vocational, and educational assessment & treatment; family/couples therapy; addictions treatment, & parenting coordination. Qualifications include: a) psychological evaluation and treatment for children and adolescents with learning, attentional, mood, anxiety, behavioral difficulties, addictive or obsessive compulsive behaviors, phobias, autism spectrum, trauma; juvenile competency to stand trial; child custody and brief focused assessments; b) psychological evaluation and treatment for adults with attentional, mood, anxiety, addictions, dual disorders, disability determination, child custody, reunification therapy, behavioral difficulties; c) faith-based or spiritual abuse issues; d) contracts with POST certification; e) neurocognitive evaluation for the CA state boards of Medicine, Nursing, Chiropractic, Pharmacy; f) Qualified Medical Evaluator for Worker's Compensation. My experience includes: a) conducting over 6000 disability determination evaluations; b) work in adolescent, women's and men's correctional facilities; c) adjunct faculty in 6 graduate programs; d) having served 7 severely conflicted congregations as a licensed pastor; d) initiated and COO of a community hospice society; e) Certificate of Personal and Executive Coaching (C.P.E.C.); f) certified in communication skills; g) evaluations of veterans with PTSD and other mental illnesses; h) consultation; i) graduate courses on psychological assessment, research methods, neuropsychology, human sexuality, health psychology, dual disorders, marriage and family, law and ethics, and preparation for ministerial students.

I am glad that you are here. I trust that you will find help for the situations and issues that you face -- in a caring and a safe place where your needs for counseling will be met confidentially, competently and compassionately.

Confidentiality . . .
All information and records disclosed within sessions and the written records pertaining to those sessions are confidential and may not be disclosed to anyone without your written, signed permission, except where disclosure is required by law. Most of the provisions explaining when the law requires disclosure are described to you in the Notice of Privacy Practices that you received with this form. Please refer to the Notice for further details. You have the right to review the record in my office within 10 days of your request and receive a brief written brief summary within 15 days of your request. These services will be charged at the normal hourly rate. If the treatment is for a family or a couple and a written summary is requested by one individual, all parties will receive the same summary.

Circumstances where disclosure is required by law are as follows: a) there is a reasonable suspicion of child, dependent or elder abuse or neglect, b) a client presents a danger to self, to others, to property, and/or c) a client is gravely disabled.

Disclosure may be required pursuant to a legal proceeding. If you place your mental status at issue in litigation initiated by you, the defendant may have the right to obtain your psychotherapy records and/or testimony. Due to the nature of the therapeutic process, it is agreed that neither you, your attorney, nor anyone else acting on your behalf will call on me to testify in legal proceedings, nor will a disclosure of the psychotherapy records be requested unless specifically authorized by you in writing.

In couple and family therapy or when different family members are seen individually, confidentiality and privilege do not apply between the couple or among family members. I will use my clinical judgment when revealing such information. I will not release records to any outside party unless I am authorized with signature to do so by family members who are in treatment.

If you are under 18 years of age, please be aware that the law may give your parents or guardians the right to obtain information about your treatment and/or examine your treatment records. It is my policy to request an agreement from your parents or guardians indicating that they consent to give up access to such information and/or to your records. If they agree, I will provide them only with general information about our work together subject to your approval, or, if I feel it is important for them to know in order to make sure that you and people around you are safe.

E-mail, Cell phone and Fax: It is very important to be aware that e-mail and cell phone communication can be relatively easily accessed by unauthorized people and hence, the privacy and confidentiality of such communication can be compromised. Faxes can easily be sent erroneously to the wrong address. Please notify me at the beginning of treatment if you decide to limit in any way the use of these devices.
Health Insurance and Confidentiality of Records: Disclosure of confidential information may be required by your health insurance carrier in order to process your claims. The Psychotherapy Notes will not be disclosed to your insurance carrier without your authorization. Please be aware that submitting claims for reimbursement carries a certain amount of risk to confidentiality, and/or to future eligibility to obtain health or life insurance.

Consultation: I consult regularly with other professionals regarding my clients/patients, however, the client/patient's name or other identifying information is never mentioned. The client/patient's identity remains completely anonymous, and confidentiality is fully maintained.

Appointment Times…
Your appointment time has been especially reserved for you. In order to honor your needs and the needs of others, please call at least 48 hours before your appointment to avoid being charged for the session. Most insurance companies do not reimburse for missed sessions. You will be billed.

Telephone Calls…
Your calls are important to me. Unless I am out of town, I check for my messages several times a day during the weekdays. I will return your phone calls as promptly as possible.

Emergencies….
In times of crisis, I will give you the earliest available appointment or arrange for emergency care. If I am not available, please call one of the following emergency numbers in Santa Clara County: Emergency Psychiatric Services at 408-885-6100, Suicide and Crisis Services at 408-279-3312, Contact Hotline including Parental Stress at 408-279-8228.

Paying for Psychotherapy or Psychological Evaluation…
My normal fees are as follows: $175 per clinical hour for therapy (approximately 45-50 minutes), $200 per hour for psychological evaluation, $225 per hour for neuropsychological or forensic evaluation, $350 per hour to testify in court, or, as determined the flat fee of $_____. **Payment is due in cash or check at the outset of the session** when services are rendered. When credit cards are used an additional 4% must be added to the customary fees. When my time is used on your behalf at your request (e.g., telephone conversations, writing letters, consultations with other professionals involved in your care, reading records), you will be charged at the appropriate hourly rate (pro-rated). There is a $20.00 fee for a returned check. Please be advised that **not all issues/conditions are reimbursed by insurance companies. It is your responsibility to verify the specifics of your coverage in advance**. In the case an insurance company refuses coverage, the patient will be responsible for all payments. My insurance is with: (please circle) Aetna, Anthem, Beacon Health Strategies, Blue Cross, Blue Shield, Cigna, Concern EAP, First Five, HealthNet, Kaiser, Magellan, Managed Health Plan, Medicare, MediCal, Private Pay, Sutter Select, TriCare, Valley Health Plan, Victim Compensation Fund. My copay per visit is: $_____after the deductible of $_____ has been met.

The Process of Therapy or Psychological Evaluation…
Participation in therapy or psychological evaluation can result in a number of benefits to you, including resolution of the specific concerns that led you to seek therapy or psychological evaluation and improved interpersonal relationships. Working toward these benefits requires your very active involvement, honesty, and openness to change. During therapy or psychological evaluation, discussing unpleasant events, thoughts, or feelings can result in your experiencing considerable discomfort (e.g., strong feelings of anger, sadness, anxiety, or fear). Attempting to resolve issues that brought you to therapy in the first place may result in changes that were not originally intended. Sometimes a decision that is positive for one family member can be viewed quite negatively by another family member. Change will sometimes be easy and swift, but more often, it will be slow and even frustrating. There is no guarantee that psychological will yield positive or intended results. During the course of therapy, I am likely to draw on various psychological approaches according, in part, to the problem that is being treated and my assessment of what will best benefit you. These approaches may include psychodynamic, cognitive-behavioral, existential, family systems, development and/or psycho-educational therapy.

At various times, I may discuss my working understanding of the problem, treatment plan, therapeutic objectives, and my view of the possible outcomes of treatment. You have the right to ask about any of the procedures used in the course of your therapy, and to ask about other treatments for your condition. If you could benefit from any treatment that I do not provide, I have an ethical obligation to assist you in obtaining those treatments. If at any point during psychotherapy or psychological evaluation, I assess that I am not effective in helping you reach the therapeutic goals, I am obliged to discuss it with you and, if appropriate, to terminate treatment. In such a case, I would give you a number of referrals that may be of help to you. If you request it, and authorize it in writing, I will talk to the psychotherapist of your choice in order to help with the transition. You have the right to terminate therapy at any time.

I have read and understood all the information on this form. I agree to the above conditions, and to avail myself and/or the named minor or dependent adult _____ to the professional services of Dr. David Dahl and consent accordingly to the use of individual, couples, family, and/or group psychotherapy, and/or assessment. Furthermore, I acknowledge that I have received the Notice of Privacy Practice (HIPPA Notice) and have understood the nature and limits of Confidentiality.

LIMITS OF CONFIDENTIALITY

Contents of all therapy sessions are considered to be confidential. Both verbal information and written records about a client cannot be shared with another party without the written consent of the client or the client's legal guardian. Noted exceptions are as follows:

_____

DUTY TO WARN AND PROTECT

When a client discloses intentions or a plan to harm another person, the mental health professional is required to warn the intended victim and report this information to legal authorities. In cases in which the client discloses or implies a plan for suicide, the health care professional is required to notify legal authorities and make reasonable attempts to notify the family of the client.

ABUSE OF CHILDREN AND VULNERABLE ADULTS

If a client states or suggests that he or she is abusing a child (or vulnerable adult) or has recently abused a child (or vulnerable adult), or a child (or vulnerable adult) is in danger of abuse, the mental health professional is required to report this information to the appropriate social service and/or legal authorities.

PRENATAL EXPOSURE TO CONTROLLED SUBSTANCES

Mental Health care professionals are required to report admitted prenatal exposure to controlled substances that are potentially harmful.

MINORS / GUARDIANSHIP

Parents or legal guardians of non-emancipated minor clients have the right to access the clients' records.

INSURANCE PROVIDERS (when applicable)

Insurance companies and other third-party payers are given information that they request regarding services to clients.

Information that may be requested includes, but is not limited to: types of service, dates/times of service, diagnosis, treatment plan, description of impairment, progress of therapy, case notes, and summaries.

I agree to the above limits of confidentiality and understand their meanings and ramifications
